THE JAGUAR EXPERIENCE 28

Welcome to one of the most renowned motorcars in the world, the JAGUAR XJ.

Blending handcraftsmanship, innovative technology and timeless design, this is an agile luxury sedan, beautifully sculptured, exceptionally strong and a joy to drive.

The exterior surfaces of its advanced monocoque aluminum bodyshell are styled for a lean, assertive stance. The interior elements offer comfort and luxury in a thoroughly modern design. Powered by a 4.2-Litre V8 engine, opulently equipped, and achieving extraordinary levels of quiet and refinement, this is the XJ you know - and need to know more about.

PERFORMANCE

Lighter aluminum body, *exquisite comfort*,
intuitive technology, elegant lines.

The XJ's handsome aluminum shell is 40% lighter than an equivalent steel body, and yet it's more than 60% stiffer than the previous steel XJ body, resulting in exceptional driving dynamics, lower emissions, shorter stopping distances and dramatically improved fuel economy¹.

¹Epa estimates 12.8L/100km city/8.0L/100km highway (16 mpg city/25 mpg highway).

PERFORMANCE

The *refined exterior styling* of the XJ's aluminum bodyshell offers promise of the new.

An intentionally contemporary look features a slender, athletic demeanour. At the front, two moulded mesh panels form the grille - the upper fitted with a body-coloured surround and chrome inner bezel, the lower fitted with chrome inner surround. In the rear, a chrome trunk lid plinth and discreet spoiler sound a note of earnestness while chrome lamp surrounds and tailpipe finishers add precision detail.

Power vents, door sill appliqué and fender badges vitalize the car's side profile and complement the bumper design. Door mirrors feature integrated side directional repeaters. And brake calipers are blacked on the super V8 and XJR, with discreet JAGUAR and R insignias.

PERFORMANCE

Less weight means more power.

A muscular V8 throbs in the power bay of every XJ, but the fact it has less weight to push than competitors in its class is why the car's performance is so stunning. Two engines are offered:

The 4.2-Litre, 32-valve, 4-cam aluminum V8, developing 300 hp with cam phasing to boost throttle response and reduce emissions. And the R version, with an Eaton supercharger and liquid intercooling that increases output to 400 hp.

XJR

Step on the accelerator of the XJR and prepare yourself for a most unседanlike experience.

Though undeniably accomplished in city traffic, the XJR is a joy on the open road. Propelled by a supercharged aluminum V8, geared by a crisp, smooth ZF 6-speed automatic transmission, and assisted by an array of technically astute suspension and handling aids, the sport in this sedan shows. Variable ratio, speed-sensitive power steering keeps the car balanced. Independent, double-wishbone suspension and CATS™ (Computer Active Technology Suspension) analyze road conditions and curtail pitch and roll. 4 channel anti-lock brakes stop the car, teaming with Dynamic Stability Control (DSC) to vary braking force at each wheel and manage grip and yaw. And available Adaptive Cruise Control (ACC) maintains a set following interval from vehicles ahead.

ENERGY-ABSORBING CRUMPLE ZONES
AND AN IMPACT-RESISTANT SAFETY CELL

HIGH-VISIBILITY INTEGRATED TURN SIGNALS

SAFETY

The XJ's occupant protection offers the ultimate automotive amenity – peace of mind.

Built into its rivet-bonded aluminum body structure are crumple zones and a rigid impact-resistant safety cell. Teves 4-wheel anti-lock disc brakes deliver precise stopping power, and Emergency Brake Assist (EBA) measures brake pedal activation in emergencies and initiates full braking effect. Tire pressures are monitored, even the spare¹. 3-point safety belts and pretensioners serve all seating positions. Adaptive Restraint Technology System (ARTS™) deploys driver and passenger airbags according to a number of variables including occupant position, weight and safety belt use. Inflatable side curtain airbags drop from above the doors for head protection while side airbags deploy from the front seat bolsters to shield the body.

¹On cars fitted with a full-size spare wheel.

TECHNOLOGY

Technology, in an XJ, exists for good reason.

The XJ's electronics and controls are intuitive and smart, working with the driver to enhance and simplify. The result is a driving experience that's effortless, comfortable and highly engaging.

Throughout the car, technology empowers rather than overpowers, with amenities such as standard satellite navigation, standard Bluetooth® wireless technology and available SIRIUS™ satellite radio, all simply controlled via a 7-inch colour touch-screen and available JaguarVoice™ control. Noise is diminished by engine compartment seals, a dual bulkhead structure and by JAGUAR's acoustic laminated window glass. The XJ's interior finishes, as always, testify to JAGUAR's craftsmanship. Italian seating leather is carefully cut from single hides, ensuring smooth consistency. Veneer facings are mirror-matched for grain and colour. The result is a chic opulence that settles a heart racing from the pleasures of the road.

INTERIOR

Please be seated in this truly cultured interior.

Lavish interior spaces are nothing new in the XJ, but the 2009 XJ's appointments will bring broad smiles to drivers' faces. Seat cushioning for both base and back has been designed to add support and enhance comfort. As you would expect, both the front and rear seats are heated, while the front seats have available climate control. With this enhancement, heat exchangers in the seat base and the back draw air in. Depending on the setting, the air is then heated or cooled, and pumped back to the surface through channels moulded into the seat foams. Perforated leather seat covers allow the conditioned air to then pass through to the seats' occupants.

There is luxury in space. The Vanden Plas and Portfolio Super V8 are superbly equipped extended-wheelbase XJ models, offering 998mm (39.3 inches) of rear-seat legroom. These opulent cars favour passengers with special amenities, including available electronically-adjustable rear seats, four-zone climate control, fold-down business trays and twin-screen LCD multimedia entertainment. Comfort is uncompromised.

Drivers control: the XJ's interior systems are remarkably tailorable. Phase 2 Bluetooth® wireless technology. Optional SIRIUS™ satellite radio. 2-zone or 4-zone automatic climate control that conditions and filters the air. DVD-based navigation with 7-inch touch-screen. All designed to help drivers and passengers enjoy very personal levels of comfort.

Available head restraint-mounted screens: multimedia entertainment, standard on the super V8, includes a DVD player, twin 6.5-inch display screens incorporated into front-seat head restraints and switch-pack access to the car's audio system or external devices.

Leather seating surfaces: the XJ's seating is covered in a lush, comfortable Italian leather, precisely tailored as JAGUAR has done for decades. Rear-seat control console: a stylish Burl Walnut veneer console controls a separate rear air conditioning and heating system. This is standard on the Super V8.

◆ Standard ○ Optional ▲ Included in package ▲ Dealer Accessory

¹ Alpine is a registered trademark of Alps Electric Co., Ltd.

² Safety belts constitute the primary protection system for drivers and passengers in collisions. The airbag Adaptive Restraint Technology System (ARTS™) is a supplement to the safety belts. Although airbags provide additional protection, airbags alone are not sufficient. Always wear your safety belt and properly secure children under 12 years old in the back seat away from airbags. Never place an infant seat in the front seat.

³ The 20" wheel and tire assembly is of low profile with a bias toward sporting attributes. Wheel and tire assemblies with low tire sidewall height will be more susceptible to impact damage in service.

⁴ Rich Oak veneer choice is only available for vehicles produced after December 2008; prior to December production optional veneer choice was Satin American Walnut.

⁵ See your Jaguar dealer for details of approved phone models.

VISIT JAGUAR.CA FOR FURTHER INFORMATION.

Buying at JAGUAR may be thrilling, *but it's the connection with car and company* during the ownership period following, that will impress you most. This is the result of the very *intentional* support provided to JAGUAR drivers. As one of these favoured individuals, here are things you can expect:

TOTAL CARE

Seamless support for your new XJ, so you can relax and drive. A combination of vehicle warranty, paint and corrosion protection, complimentary maintenance and JAGUAR ASSISTANCE.

WARRANTY

JAGUAR Cars offers a comprehensive, 4-year/ 80,000-kilometre New Vehicle Limited Warranty¹ as well as a 6-year/unlimited mileage Corrosion Protection Limited Warranty.

SERVICE & ASSURANCE

Complimentary maintenance further enhances your JAGUAR driving experience. Simply bring your JAGUAR to an authorized JAGUAR dealer, and required maintenance will be performed at no charge throughout your first year of ownership or 16,000 kilometres, whichever comes first.

JAGUAR ASSISTANCE

Handled by JAGUAR-trained specialists, this incident management program provides towing service, jump-starts, lockout assistance, gasoline delivery, tire changes and trip routing help, 24/7. Just call 1.800.4.JAGUAR.²

LOCAL DEALERS

Your local dealer is JAGUAR's partner both in bringing you thrilling vehicles and in making your buying and ownership experience pleasant. Introduce yourself. Find out what your dealership can do for you.

JAGUAR.CA

Visit JAGUAR's official web site to access a dealer locator, car configurator, price lists, model comparisons and enthusiast links to JAGUAR Clubs of North America and JAGUAR Conservation Trust.

¹ See your JAGUAR dealer for complete details.

² All elements of JAGUAR Assistance are available only while your JAGUAR Warranty is in effect.

IMPORTANT NOTICE

JAGUAR Cars is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. While every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of JAGUAR Cars and have absolutely no authority to bind JAGUAR Cars by any express or implied undertaking or representation. Illustrations in this brochure may include optional extras. Comparisons are based on manufacturer's own data and testing.

ENVIRONMENTAL NOTICE

JAGUAR Cars has a vision of being amongst the world's leading companies in demonstrating progress towards sustainability. We aim to do this by contributing to a better quality of life, with corporate citizenship at the very heart of our company, and by reducing our environmental footprint through innovative design and manufacturing, minimizing resource and energy use. Environmental responsibility is a core value in JAGUAR, and it is our policy to continually improve our environmental standards in all areas of business activity. This brochure is produced using paper stock, which contains 10% recycled post consumer waste and is in compliance with The Forest Stewardship Council (FSC). FSC certification promotes environmentally appropriate, socially beneficial and economically viable management of the world's forests.
