A large, detailed close-up of a Jaguar S-Type headlight, showing the intricate internal structure and the iconic three-pointed star emblem. The headlight is set against a background of the car's body panels, which are rendered in a light, monochromatic tone.

JAGUAR

THE ART
OF PERFORMANCE

The Jaguar S-TYPE. A fresh and spirited expression of the Art of Performance.

Created for you and the way you live. Business and leisure, family and friends, S-TYPE has all the space and versatility you need. Opening up a world of excitement when you're in the driving seat.

S-TYPE. Designed with a passion for driving that is at the heart of the Jaguar character.

J A G U A R

DRIVING

PASSION

S-TYPE is boldly individual.
Distinctive and authoritative;
unmistakably a Jaguar.

Discover the power of the 3.0 litre
V6 and 4.0 litre V8 Jaguar engines.
Deceptively quiet. Unleashing thrilling
energy on demand.

Experience handling that is
supremely well balanced. Enjoy ride
quality that makes the longest journey
pass like a dream.

S-TYPE. It was made for you.
Drive it.

J A G U A R

TECHNOLOGY
WITH THE
HUMAN TOUCH

Within the elegant, comfortable interior of the S-TYPE, Jaguar technology makes everything effortless.

Low light levels activate the automatic headlamps, rain sensing wipers switch on automatically when moisture is detected and the electrochromic rear view mirror quickly dims to protect from headlamp glare.

Because the S-TYPE is designed for individuals, the automatic climate control system provides separate temperature controls for the driver and front seat passenger.

The voice activation system allows you to change the interior temperature, make a phone call or select a radio station by using simple voice commands.

With the S-TYPE's navigation system, route finding has never been easier. Giving both voice and visual guidance, it directs you to your destination, counting you down to the next turn or action.

The system is very flexible; you can input motorway numbers and junctions, even house numbers as destination points, or select from recent destinations.

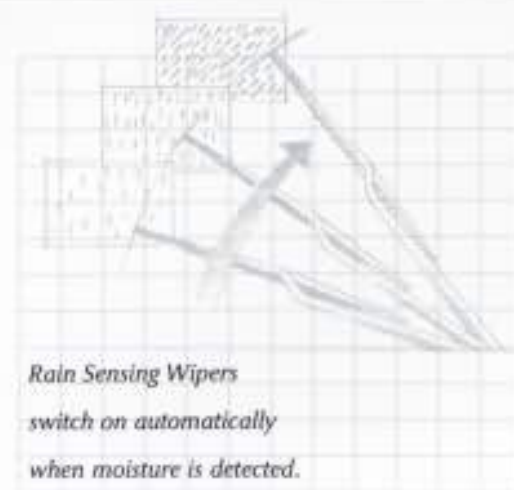

You can tailor your route to minimise time or distance, avoid motorways and include areas of interest. If you miss a turn, the system calculates a new route.

J A G U A R

ON COURSE
FOR YOUR
DESTINATION

The convenient steering wheel mounted controls let you operate the audio and in-car phone systems. The phone can also be operated from a keypad just below the audio system controls. And when you're manoeuvring, the reverse park control helps you fit into tight spaces with precision.

*Rain Sensing Wipers
switch on automatically
when moisture is detected.*

JAGUAR

S-TYPE

3.0 LITRE V6

PRACTICALITY
IN A FINER FORM

The S-TYPE V6 provides 8-way electrically adjustable front seats; the power-adjusted steering column cleverly tilts away to make entries and exits even easier.

The 60/40 split folding rear seat, with optional ski hatch, gives extra versatility. Enjoy the outstanding quality of an audio system purpose-designed for your elegant surroundings.

JAGUAR

S-TYPE

3.0 LITRE V6 SE

CREATED BY
PERFECTIONISTS

Whichever S-TYPE you choose, you can create exactly the look you desire from a choice of interiors.

With leather seat trim and an elegant wood and leather steering wheel, the S-TYPE V6 SE has special touches of luxury. An electric sunroof is standard. The front seats have 10-way power adjustment, including lumbar support. There is also a 2-position memory for the driver's seat, door mirrors and steering column.

The new Sport Option Pack includes 17" Sport or 18" two piece Monaco alloy wheels, Sport seats and Warm Charcoal upper environment along with Flint carpets. Jaguar's Computer Active Technology Suspension (CATS) optimises handling and ride quality.

High technology integrates seamlessly with wood and leather. You're surrounded by luxury in the S-TYPE V8. You can choose from options such as the Jaguar Premium sound system to enhance your entertainment.

But nothing can match the entertainment of the V8 engine. Muscular power, deceptively smooth and quiet, finely controlled. With cruise control, and the refined 5-speed electronic automatic transmission, the miles melt away.

JAGUAR

S-TYPE

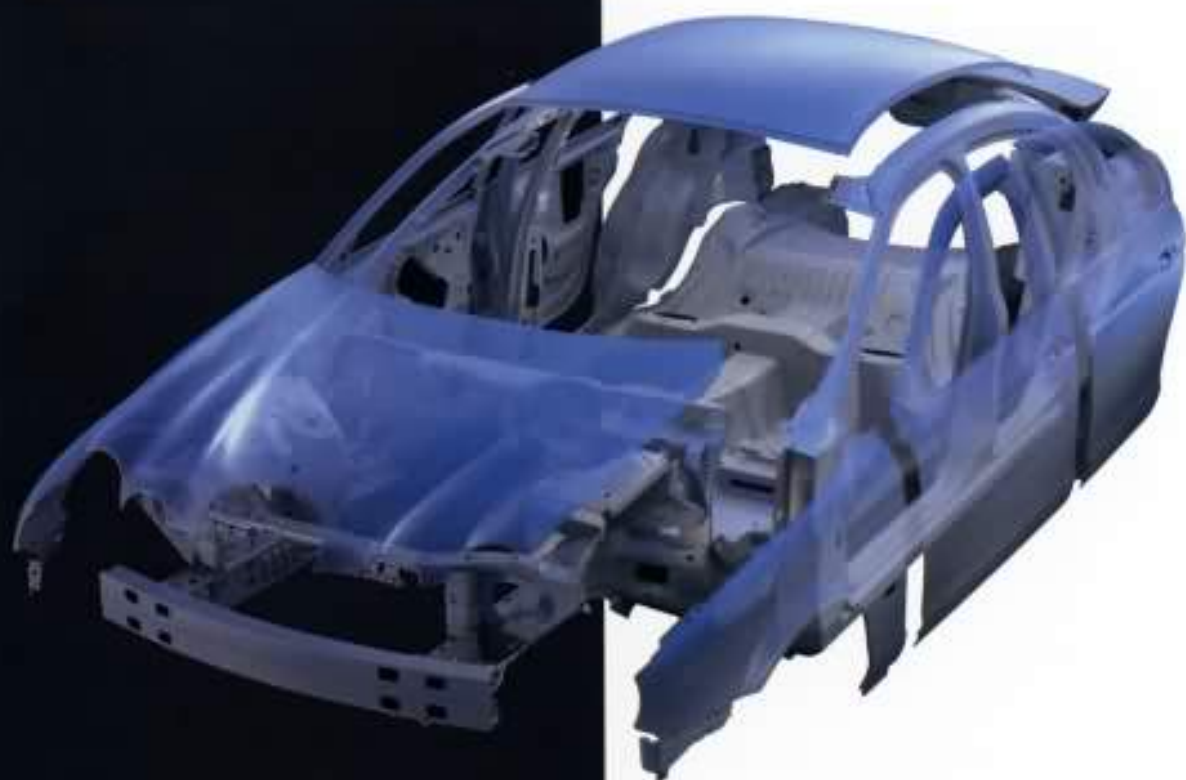

4.0 LITRE V8

PERFORMANCE
RELATED PLAY

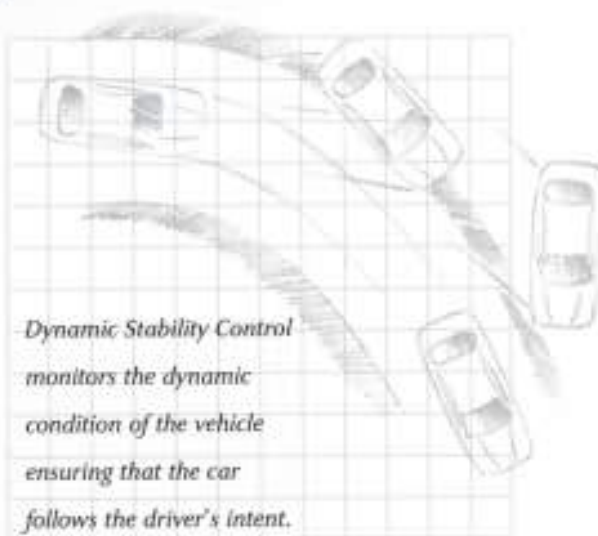

The immense rigidity of the S-TYPE's body gives the highest levels of refinement. Driving over rough roads, you hardly notice the bumps. Cruising at speed, there's barely a hint of wind noise.

JAGUAR

QUIET
STRENGTH

Jaguar's Dynamic Stability Control system (DSC) monitors the dynamic condition of the vehicle. If oversteer is imminent, brake pressure is instantly applied to an individual wheel front or rear, ensuring that the car follows the driver's intent.

*Dynamic Stability Control
monitors the dynamic
condition of the vehicle
ensuring that the car
follows the driver's intent.*

S-TYPE is built to stand the test of time; 25% of all body components are high strength steel. For corrosion resistance, 85% of panels (by weight) are zinc coated steel.

S-TYPE provides exceptional levels of protection. Twin front airbags operate together with the front seatbelt pretensioners in a forward impact. Side airbags - located within the front seats so that they are always in the correct position - help protect the head and thorax.

ACCESSORIES

The S-TYPE's comprehensive range of accessories are designed uniquely for your Jaguar.

You will find the very latest in technological advances as well as alloy wheels and other styling features to enhance your car.

Touring is made easier with a versatile range of roof and boot stowage systems

and completes an extensive range of leisure related accessories from tow bars to cycle/mountain bike holders.

Enjoy the choice; and the hallmark of Jaguar quality.

Ask your Jaguar dealer for the S-TYPE Accessories brochure.

JAGUAR FINANCIAL SERVICES

Jaguar Financial Services offer a range of finance and insurance plans tailored to provide maximum choice and flexibility. You'll be as impressed with the finance as you are with the car.

Your Jaguar dealer will match your personal or business requirements to the most appropriate finance plan, provide you with quotations and process your application.

Jaguar Financial Services may not be available in some countries.

A consistent leader in motorsport, Jaguar is now competing in Formula One with an 800-plus bhp V10-engined racing car.

JAGUAR

R PERFORMANCE OPTIONS

The S-TYPE offers further opportunities to celebrate the Art of Performance. R Performance Options offer a bolder visual statement, with a hint of exclusivity.
