

The 2.4 Litre Saloon

To the motorist whose personal preference is for a car of compact dimensions—the 3.4 and 2.4 litre Jaguar saloons offer all those characteristics for which Jaguar have won the highest regard the world over. Outstanding performance and phenomenal acceleration are combined with impeccable roadholding and maximum manoeuvrability at all speeds, and both models offer surprisingly economic fuel consumption.

With interior refinements and comfort in the true Jaguar tradition, Gearbox (with or without Overdrive) or Automatic Transmission and with Disc Brakes.

### The 3.4 and 2.4 litre Saloons

The 3.4 Litre Saloon

The XK150 Roadster

### The XK 150 Sports Series

These latest models in the famous Jaguar line of XK sports cars bring to the enthusiast not only an unequalled experience in exhilarating performance, but a high degree of safety combined with comfort and refinement quite exceptional in this type of motoring. Powered by the world famous XK twin-overhead camshaft engine, the range consists of the Drophead Coupe, Fixed-Head Coupe and the Roadster. All except the 'S' type are available with manual gearbox (with or without overdrive) or Automatic Transmission and with Disc Brakes. The only transmission available on the 'S' type is manual gearbox with overdrive.

### The Mark VIII and Mark IX Saloons

The 3.1 litre Mark Eight Jaguar Saloon is universally acclaimed as one of the most luxurious, high-performance cars ever offered as a series production model. Its interior furnishings, cabinet work, fittings and accessories are in a tradition of refinement and craftsmanship usually associated only with the art of specialist coachbuilders.

Powered by the famous 3.442 c.c. Jaguar XK twin overhead camshaft engine, the Mark Eight is available with manually operated gearbox (with or without overdrive) or with Automatic Transmission. Flush-folding occasional tables in the rear compartment, hand-finished polished walnut fittings, deep pile rugs and fine grained soft tanned leather upholstery are among the many features which impart both elegance and supreme comfort.

The Mark Nine model is equipped with a more powerful XK engine of 3.8 litre capacity and, in addition to all the features of the Mark Eight, has power steering and disc brakes.

The range of Jaguar models, now wider and more varied than ever, is briefly illustrated in this folder. Whichever Jaguar you choose, performance, comfort and safety, you can be sure of the utmost in
